Short Orders (Chubby's Cheesesteaks)

Fine Philly
By Jeff Beutner

Many restaurants claim to serve Philly cheesesteaks, yet few prepare them as they should. The rules are simple. Begin with a soft roll, not a baguette. The beef is not sliced; it is chopped and heated on a grill. Onions and green peppers are optional, and the preferred cheese is Cheez Whiz, although provolone and American are common substitutes. Now Milwaukee has two places that prepare

these the right way: The original is Philly Way (405 S. Second St.); the newcomer is Chubby's Cheesesteaks (2232 N. Oakland Ave.). Chubby's uses a soft roll from Peter Sciortino's Bakery, located on Brady Street. It works. The basic cheesesteak with fried onions and the Whiz is a gooey mesh—fare fit for a hangover.

There are also a few variations, including a chicken cheesesteak, and many optional extras such as jalapeo peppers. Purists will keep it simple, though. And be warned: Seating is limited.

Was here awhile back when they opened - went in because the line at Grecian Delight was too long to wait in (bartime). The owner was working the counter and was nice and friendly. Got our food quick and was damn tasty. Hope they stick around - great place to go after being out on North Ave.
